

SCHOOL OF
MEDICINE
PREVENTION RESEARCH CENTER

Dear Communities,

Thank you to everyone who was able to meet with us today. We had a busy meeting, and below are some notes:

1. NM True is partnering with us to provide walking trail advertising! If you would like to get your walking trails onto AllTrails and NM True, please contact Laurel at preventionresearchcenterunm@gmail.com and we can work together to display your walking trails.
2. If you see trails listed on the NM True page (<https://www.newmexico.org/things-to-do/outdoor-adventures/find-your-next-trail/>) please review and provide Laurel with any comments/feedback/suggestions/edits/anything else to pass along to NM True to change on the webpage.
3. Monica Montoya joined us to talk about bike safety resources, helmet ordering, helmet fitting, and other bike promotion related information. If you or your community are organizing a bike event and want to get in touch with Monica for further information, please contact her at monica.a.montoya@state.nm.us

Thank you all for the hard work that you dedicate to your communities, together we can all become stronger and promote physical activity for everyone.

Sincerely,

The VIVA Connects Team
